SHE LEFT WONDERLAND.
WONDERLAND NEVER LEFT HER.

Years after escaping Wonderland, Alice is drawn back through the door she thought had closed forever. The world she dismissed as a dream has never let her go.

The Queen of Hearts has vanished. Familiar places decay, and something is changing Wonderland from within. Searching for the truth, Alice must decide whether she has returned to save this world—or help destroy it.

"A haunting return to Wonderland where nostalgia turns dark and every familiar path hides something new to fear."
—EMILY HART, author of Through the Hollow Glass

"Dark, unsettling, and wonderfully strange, The Last Door transforms a childhood fantasy into a mystery that refuses to stay buried."
—DANIEL REEVES, author of The Crooked Crown
